EXPERIENCE, PROFESSIONALISM, TECHNOLOGY, QUALITY

The company was born from the experience of a family that began to operate at the beginning of the 20th century. We take care of metal sheets working operations for those sectors as metal components, medium and light carpentry, rail transports, automotive and aeronautical industry. Our modern machine tools include 3D and 2D laser cutters with power ranging from 3000W to 4000W, as well as shearing machines, presses, punching presses, and welding machines with certified process.

The best qualities of **SIDERSTAMP** are resolution, optimism, sense of organisation, and rigour. Every step of our working process is well organised, by respecting quality standards and the needs of the customers. The entire team of our company is always trying to find the best solution to the production problems of the customers, by coming up with alternative solutions together with the client himself. Our company is certified according to the ISO 9001:2000, ISO 14001:2004 and SA8000: 2001 standards.
